### DETAILED ACTION

1. The Examiner acknowledges Applicant's submission of the communication filed on 10/21/04. Claims 1, 3-12, 22-30, 32-43 are now pending.

#### ***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

3. Claim 32 is rejected under 35 U.S.C. 102(e) as being anticipated by Ilсен et al.

Ilсен discloses a method for facilitating an exchange of information associated with medical care provided to a patient by a medical care provider (Figures 1-12), comprising receiving scheduling information at a patient device (108 of Fig.1, also see "requester of data... the patient" in lines 10-11 of col.11, also see "scheduling" in line 61 of col.3) via a communication network (Fig.1), the scheduling information being based on information stored at a medical care information device (see A & B in Figure 1, also see "provider of data" in line 12 of column 11) accessed by the medical care provider (see "the provider" in line 14 of col.11), and transmitting from the patient device (108 of Figure 1) a request to adjust the scheduling information (see "scheduling requests" in line 41 of column 5).

***Allowable Subject Matter***

4. Claims 1, 3-12, 22-30, 33-43 are allowed.

***Response to Arguments***

5. Applicant's arguments regarding Albert (US6685633) have been considered but are moot in view of the new ground(s) of rejection.
